SUMMARY

User-focused UI/UX & Product Designer with 2+ years of experience designing scalable web and mobile applications across 30+ projects. Proven track record designing enterprise B2B SaaS platforms, workforce tools for German clients, and interactive live-commerce apps. Expert in translating complex business logic into intuitive user experiences, robust Figma design systems, and seamless developer handoffs.

PROFESSIONAL EXPERIENCE

UI/UX Designer 11/2024 – 09/2026
Spark Tech Agency — Dhaka, Bangladesh Dhaka , Bangladesh
• Lead product design for 25+ web & mobile products for global clients across Germany, Jamaica, and the US.
• Architected complex B2B SaaS workflows, telemedicine platforms, and live-commerce interfaces, streamlining user booking and checkout flows.
• Built and maintain scalable Figma design systems and component libraries complying with WCAG accessibility standards.
• Collaborate directly with software engineers to ensure pixel-perfect implementation during design handoffs.

UI/UX Intern 08/2024 – 11/2024
Spark Tech Agency — Dhaka, Bangladesh Dhaka , Bangladesh
• Designed responsive wireframes, user flows, and interactive prototypes for international client projects across diverse industries.
• Conducted usability testing and user research to eliminate navigation bottlenecks and improve task completion speed.
• Created digital dashboards and high-fidelity layouts based on stakeholder feedback and business logic.

KEY PROJECTS
InstaSignTracker – B2B SaaS Workflow Platform | [Case Study Link]
• Designed an end-to-end B2B SaaS operations tool for commercial signage companies to manage orders, production, and installation tracking.
Allrounder Pro – German Workforce Mobile App | [Case Study Link]
• Designed a field-service task and shift management mobile app for a German scaffolding firm, optimized for fast on-site usability.
Pokelive – Live Commerce Shopping App | [Case Study Link]
• Designed an interactive mobile live-shopping experience integrating real-time video streaming with seamless 1-tap checkout flows.
